

4<sup>th</sup> April, 2025.

Honorable Commissioner  
Ministry of Land and Physical Planning  
Kano State, Nigeria

Through:  
The Director, Sectional Titling Department

Honorable Commissioner,

**SUBJECT: EXPRESSION OF INTEREST FOR THE DEVELOPMENT OF A FULLY  
AUTOMATED LAND INFORMATION SYSTEM & GEOGRAPHIC INFORMATION SYSTEM  
FOR THE SECTIONAL TITLING DEPARTMENT**

We humbly write to express our interest in the development of a fully automated Land Information System (LIS) and Geographic Information System (GIS) for the Sectional Titling Department of the Ministry.

In recent years, the complexities of land management and titling in Nigeria have escalated, necessitating an advanced and efficient system to enhance administrative processes, transparency, and service delivery. A robust LIS and GIS can transform the way land information is managed, ensuring accuracy, accessibility, and systematic record-keeping.

Our organization prides in land administration, geospatial technology, and automated system development, with a proven track record of delivering innovative solutions to enhance land management, improve efficiency, and ensure transparency in land transactions.

Our proposal includes the following key components:

- Designing a comprehensive LIS and GIS tailored to the unique needs of Kano State, incorporating features such as digital mapping, real-time data entry, and user-friendly interfaces.

- Facilitate the integration of existing land records and data into the new system, ensuring a seamless transition and minimal disruption to current operations.
- Provide extensive training for staff and ongoing technical support to ensure the successful implementation and sustainability of the system.
- Engage relevant stakeholders to understand their needs and incorporate their feedback into the system's development.
- Outline a plan for regular maintenance and updates of the system to keep pace with technological advancements and user requirements.

We believe that this project can significantly improve the efficiency of land administration in Kano State and foster a transparent and reliable land titling process.

We would appreciate the opportunity to discuss this proposal further and explore potential collaboration with your esteemed ministry.

Thank you for considering this expression of interest. We look forward to your response.

Warm regards

Emeka Nwodo
